

The Best of the Best

In case you haven't noticed, Election Day 2018 is less than 3 weeks away!!!

Several folks have contacted us recently requesting information and recommendations on specific races and ballot questions. Elsewhere in this E-News you will find some help on the ballot questions, so I'll focus here on the **Best of the Best of South Dakota Legislators** that earned the A+, absolutely fantastic, 100 percent, there's-none-better performers for Faith, Family & Freedom issues in our 2018 Legislative Session.

While there are many more 80 percent plus performers that we embrace and thank for their support, we want to very publically lift up the Best and ask for your continued support for these Family Heritage Alliance Champions:
